

Angela

The Lumineers

G When you left this town with your windows down
C and the wilderness inside
G Let the exits pass, all the tar and glass
C Til the road and sky align

G The strangers in this town
C They raise you up just to cut you down
G Oh, Angela it's a long time coming
Dm C

G And your Volvo lights lit up green and white
C With the cities on the signs
G But you held your course to some distant war
C In the corners of your mind

G From the second time around
C Am The only love I ever found
G Oh, Angela it's a long time coming
Dm C

G C Em
Home at last

G Were you safe and warm in your coat of arms
C With your fingers in a fist
G Did you hear the notes, all those static codes
C In the radio abyss?

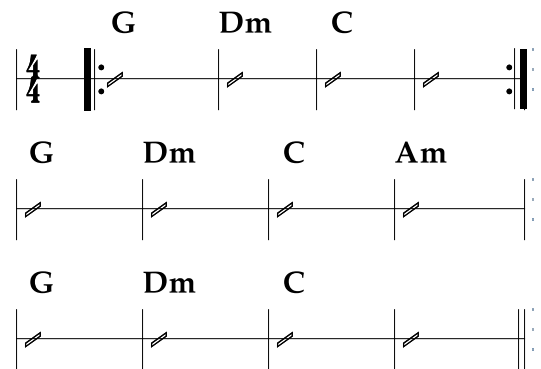

G Strangers in this town
C They raise you up just to cut you down
G Oh, Angela it's a long time coming
G Oh, Angela spent your whole life running away
Dm C
